DOOR TO DOOR SALES

Privacy Policy

Updated on October 18, 2026

Door to Door Sales is committed to protecting your privacy. This Privacy Policy explains how your personal information is collected, used, and disclosed. This Privacy Policy applies to our website (collectively, our “Service”) alongside our application and its associated subdomains. By accessing or using our Service, you signify that you have read, understood, and agree to our collection, storage, use, and disclosure of your personal information as described in this Privacy Policy and our Terms of Service.

Definitions and Key Terms

To help explain things as clearly as possible in this Privacy Policy, every time any of these terms are referenced, they are strictly defined as:

Cookie
A small amount of data generated by a website and saved by your web browser. Used to identify your browser, provide analytics, and remember information like language preference or login info.

Door to Door Sales
Refers to the company responsible for your information under this Privacy Policy.

Customer
Refers to the door-to-door sales organization or person that signs up to use the Service to manage relationships with consumers or service users.

Device
Any internet-connected device such as a phone, tablet, computer, or any other device that can be used to visit and use the services.

IP Address
A unique number assigned to every device connected to the Internet, often used to identify the geographic location from which a device is connecting.

Personnel
Refers to individuals who are employed by contract or under direction to perform a service on behalf of one of the parties.

Personal Data
Any information that directly, indirectly, or in connection with other information allows for the identification of a natural person.

Service / Website
Refers to the service provided on this platform accessible via
www.door-to-door-sales.com
.

Information Automatically Collected

Certain information like your Internet Protocol (IP) address and browser/device characteristics is collected automatically when you visit our platform. This information may be used to connect your computer to the Internet, measure session information (such as page response times, download errors, length of visits, page interaction), and ensure platform security.

We may also collect login credentials, email address, operating system, purchase history, and URL clickstreams. Technical diagnostic tools and software such as JavaScript or cookies are utilized for fraud prevention, analytics, and internal reporting.

What Information Do We Collect?

We collect information from you when you visit our registration page, place an order, subscribe to our newsletter, respond to a survey, or fill out a form:

Name / Username **Phone Numbers** **Email Addresses** **Mailing Addresses** **Billing Addresses** **Debit / Credit Card Numbers** **Age**

Mobile Device Data (Optional): We may collect Location (GPS) data from mobile devices to build an accurate representation of user interests, helping deliver more targeted and relevant offerings to potential customers.

How Do We Use The Information We Collect?

Any of the information we collect from you may be used in one of the following ways:

- **Personalize Experience:** To better respond to your individual needs.
- **Improve Offerings:** To continually enhance our site offerings based on feedback.
- **Customer Service:** To respond to customer service and support requests more effectively.
- **Process Transactions:** To execute orders and operational obligations.
- **Communications:** To send periodic emails, surveys, and site feature updates.

Third-Party Information & Data Sharing

End User & Third-Party Information: We receive information from third parties (e.g., automated fraud detection services, social media networks) when you interact with us or voluntarily provide public profile details.

Sharing Personal Information: We may share collected personal and non-personal data with advertisers, marketing partners, affiliated companies, or in the event of a merger/reorganization. Trusted third-party service providers (hosting, credit card processing, server management, email dispatch) are provided access to information solely to perform their services.

Log Files & Analytics: We share portions of log data (including IP addresses) with web analytics partners and ad networks to estimate general location, connection speed, and device characteristics for reporting and auditing purposes.

Legal Requirements: We may disclose information to law enforcement or government officials when required by law, subpoena, court order, or to protect public and personal safety.

Email Address Usage

By submitting your email address on this platform, you agree to receive communications from us. You may cancel your participation in any email list at any time by clicking the opt-out link or unsubscribe option included in our emails.
